The Rethaller family estate

The winery is located in the center of Lower Austria, along the river Danube. Our small village Angern in the southern part of the Kremstal is surrounded by vineyards and shows a very smooth landscape.

The traditional varieties Grüner Veltliner and Riesling grow in our sustainable managed vineyards. Authentic wines with precise varietal styles are the declared goal of Martin Rethaller, who has been managing the winery since 2023 after his internships in the US and several years as a winemaker in the southern Kremstal.
